Applicant Suitability

TO BE COMPLETED BY THE APPLICANT

Blackfinch is required by the FCA to obtain sufficient information from you to ensure that this investment is suitable. Therefore, it is important that you provide the information requested below.

Investment Objective

The Blackfinch Ventures EIS Portfolios offers investors an opportunity to participate in a portfolio of qualifying shares in unquoted companies operating in knowledge intensive sectors targeting innovators or disruptors in any market: entrepreneurs that can demonstrate established and proven concepts, visibility of profit and cash generation, and are looking to take the next step in their growth phase. These are high risk investments and no capital protection is offered. The investment strategy is set out in more detail in the Blackfinch Ventures EIS Portfolios Brochure.

Shares in unquoted companies carry a higher risk than shares quoted on the main market of the London Stock Exchange. The investment is designed to be held for the medium to long term, and any investment should be made on the basis that it will be left intact for at least three to seven years.

It is not intended that any income or capital will be returned to investors during the three years following the issue of qualifying shares. Blackfinch will not borrow money on behalf of investors, nor lend securities or enter into stock lending or similar transactions.

Please confirm that you understand the investment objective and are aware of all the risk profile of the investment

Please confirm that the investment objectives and risk profile are consistent with your personal investment objectives

Please confirm that you understand your investment will be held over the medium to long term
